

STEPHEN FINKEL PHOTOGRAPHY

Kodak Instamatic 28

The Kodak Instamatic 28 was made in UK in 1972-1974. This camera is the only European model in the range not to feature any flash facility, though there are "sunny" and "cloudy" settings. The lens is f/11 43mm type with a shutter of 1/40 and 1/80. The film cartridge is 126 film with a picture size of 28 x 28mm.
