

STEPHEN FINKEL PHOTOGRAPHY

Montanus Super Reflex camera

The Super Reflex is a 1955 German TLR produced by Montanus Kamerafabrik in Solingen, Germany. Montanus is a trade name Potthoff of Solingen used for its camera brands.

This camera has a 42mm filter sized cassar f2.8 matched lens units. There is a Small button on the right side that allows the hood to be removed for a companion eye-level mirrored finder that was announced but never produced. Shutter is a long lasting stable Prontor SVS to 300, Shutter speeds and aperture are set like on modern Seagull TLRs.
